

2t Intelligent YT2527-20 Mobile Self Erecting Tower Crane 25m Height 27m Boom

Our Product Introduction

for more products please visit us on hycmtowercrane.com

Basic Information

- Place of Origin: China
- Brand Name: HYCM or others
- Certification: ISO, CE
- Model Number: YT2527-20 SELF-ERECTING INTELLIGENT TOWER CRANE
- Minimum Order Quantity: 1 set
- Price: \$46000-52000 per set
- Packaging Details: naked 40'HC or 45'HC container
- Delivery Time: 10-20 days
- Payment Terms: Western Union, L/C, T/T
- Supply Ability: 30 sets per month

Product Specification

- Condition: 100% New
- Application: Building Construction
- Type: Self-erecting Intelligent
- Load: 2t
- Working Height: 23-25m
- Boom: 27m
- Power Supply: 380V/50Hz Or Others
- Platform Material: High Strength Steel
- Color: Yellow Or Others
- Highlight: intelligent mobile self erecting tower crane, 2t mobile self erecting tower crane, 25m Height self erecting crane

Product Description

YT2527-20 SELF-ERECTING INTELLIGENT TOWER CRANE 25m Height 27m Boom

General Introduction of this Self Erecting tower crane

Fast-erecting cranes are transported on the road as complete units ready for use.

Thanks to their short wheelbase and compact slewing platform design, they can be maneuvered easily on tight construction sites.

The benefits of fast-erecting cranes include the rapid erection and versatility in use.

This means that these cranes can be used to build detached and multi-occupancy houses as well as small infrastructure projects.

The flexible tower crane refers to the installation, erection, or disassembly and transshipment very conveniently. The loading and dismantling process can be carried out by its own mechanism without the use of an external crane type, which can be completed in 1~2 hours or so

It is suitable for the construction of low and single building. It has the characteristics of loading, erection, safety, shortcut, high efficiency, low cost and little damage to the site.

Specification of this Self Erecting tower crane

| Specification | Unit | YT2527-20 |
|---------------------|---------------------|----------------|
| Max. height | m | 25 |
| Max.load | t | 2 |
| Working range | m | 6-27 |
| Hoisting parameters | Max.hoisting height | m 25 |
| | Max.working radius | m 27 |
| | Max.hoisting weight | Kg 2000 |
| | Hoisting speed | m/min 13/26 |
| | Trolleying speed | m/min 20/40 |
| | Slewing speed | r/min 0.25/0.8 |
| | Erecting time | min 10 |
| | Outrigger span | m 4.2x4.2 |
| Travel parameters | Dead weight | Kg 26000 |
| | Max.towing speed | Km/h 15 |
| Hydraulic system | Hydraulic system | Mpa 28 |
| Power supply | Rated Power | Kw 23.1 |

Features

1. High performance, simplicity and stability
2. Good adaptability of the site
3. Low cost with power operation, Safe & environment protecting, Low noise
4. Remote control with variable speed driving
5. Multilayer safety protection to guarantee the safety and Reliability
6. Quick extension arm, no preset foundation and professional installation.

Service

1. All the machines will be full tested before shipment
2. The total machine guarantee is 12 months
3. 24 Hours technical support, email, telephone or video online
4. User-friendly english manual for machine using and maintaining
5. Sereral sets wearing parts will be free for you

FAQ

✓ Delivery Time: From 1 week to 1 month after we receive the order.

✓ Payments: T/T and L/C, other kinds, pls contact with us.

✓ MOQ: 1 set

✓ Trade term: FOB/CIF to your nearest seaport.

✓ Application field: Construction, shipyard, industrial, airport, municipal garden or others.

Loading of this erecting tower crane

More products available:

Tower Cranes

- QTZ Topkit/Hammer Head Tower Cranes: Working jib from 30-75m and max.load from 4-25t.
 --- PT Topless/Flat Top Tower Cranes: Working jib from 30-80m and max.load from 4-32t.
 ---D Luffing Tower Crane: Working jib from 25-60m and max.load from 3-25t.
 ---QD Derrick Crane: load from 3t to 25t for disassemble inner climbing tower cranes.

SC Construction Man and Material Elevator

- Rack and pinion elevator, special for the lifting work of construction Man and Material, 1000kg to 4000kg capacity, Passenger and Material, up to 200m. .

SS Building Material Lift / Hoist

- Wire rope lift, special material lifting work in construction site, 1000kg to 2000kg capacity, no passenger, up to 60m.

ZLP Suspended Platform

- Most popular model ZLP630, ZLP800: 630KG AND 800KG
