

110v 460v Q5000 Waterproof Remote Wireless Control Joystick for Cranes

Our Product Introduction

for more products please visit us on hycmtowercrane.com

Basic Information

- Place of Origin: China
- Brand Name: Telecrane
- Certification: ISO, CE
- Model Number: Q5000
- Minimum Order Quantity: 1 set
- Price: \$600-1200 per set
- Packaging Details: Carton
- Delivery Time: 1-5 days after receiving the deposit
- Payment Terms: Western Union, L/C, T/T, MoneyGram
- Supply Ability: 50000 Piece/Pieces per Year

Product Specification

- Condition: 100% New
- Application: Cranes, Machine
- Material: Plastic And Silicone
- Color: Black Orange
- Protection Level: IP65
- Shell Material: PA6(30%GF)
- Control Distance: 100M
- Voltage: DC24V-48V, AC110V-460V

Product Description

110v 460v Q5000 Waterproof Remote Wireless Control Joystick for Cranes

Description:

Crane radio remote offers a full range of radio control options for all of your material handling needs. Whether you need a simple two-motion single speed remote for you monorail or a more complicated customized system for dual hoist bridge cranes with A-B Both functionality we can find a solution for you. Whether you need a remote for your small crane in a plant or are building transmissions for the automotive industry we supply radio control options that will make your process safer and easier.

Basic information:

Model Number	Q5000
Color	Orange
Place of Origin	China
Material	ABS, Plastic, Plastic And Silicone, Metal
Code	Rolling Code, Fixed Code, Learning Code, Copy Code Optional
Button	4 Buttons
Battery	AAA
Function	Waterproof, Auto shut-off, LED indicator light
Product name	Q5000 Industrial Wireless Remote Control System
Application	All mechanical equipment operated requires remote control
Export Zone	all over the world
Q5000	Double rocker industrial wireless remote control system
Certification	FCC,CE,CCC

Commodity Brands

Commodity	Country	Brand
Botton(single)	Germany	Marquardt
Botton(double)	Japan	Alps
Capacity	USA	VISHAY
Inductor	Korea	Samsung
Emergency stop	Japan	IDEK
Relay	USA	Tyco
Diode/transistor	USA	TEXAS
Crystal oscillator	TaiWai	Hongxing

Products Application:

Our service.

1. Any queries will be answered within 24 hours.
2. Professional manufacturer, strong R & D team support.
3. OEM / ODM available, we can customize according to customer requirements.
4. Due to transportation restrictions, the battery is not in the package, you should buy your own AA battery.
5. We are a factory from China, please don't worry about the quality and service of our products.
6. If you have any questions about products and logistics, you can email us and we will reply as soon as possible.
7. After-sales service:
 - 1) all products are subject to strict factory quality inspection before packaging.
 - 2) all the products have been packed in our factory, and the second package is delivered by express delivery before shipment.
 - 3) if there are any problems during operation or installation, please contact us freely and we will solve them with professional guidance.
8. Thank you for your trust and cooperation!

Application:

Dual joystick remote control mainly used on tower crane, overhead cranes, concrete pumps truck or others condition which are much more complex.

PRODUCT DETAILS

1. Rugged transmitter button: The transmitter button can be pressed for 2 million times and is absolutely durable.

2. The receiver automatically searches for the transmitter channel function: automatic wireless pairing, replacing the transmitter without professional equipment pairing.

6. Super waterproof and oil proof grade: launch and receive external rafts fully comply with IP66/NEMA4 international specifications.

3. Use advanced processor with multi-bit Hamming code: fast, high security, high precision and 100% error-free coding and decoding.

5. Reinforced fiber plastic housing: Rugged attachment to the receiver housing to prevent damage from strong impact and frequent drops.

4. Extraordinary communication design, synchronous codec data transmission, with software to eliminate interference, debugging, correction
