## Product Description

### Apply Potain MC120B Used Tower Crane with L46 Mast Sections and 60m Boom Length

#### Second hand tower crane for sale

Tower crane is a common construction lifting equipment, used for lifting and handling material work in occasions such as construction sites.

We are a professional enterprise who engages in the export of construction machinery.

We are committed to delivering made-in-China to the whole world and contribute Chinese strength to the global construction industry.

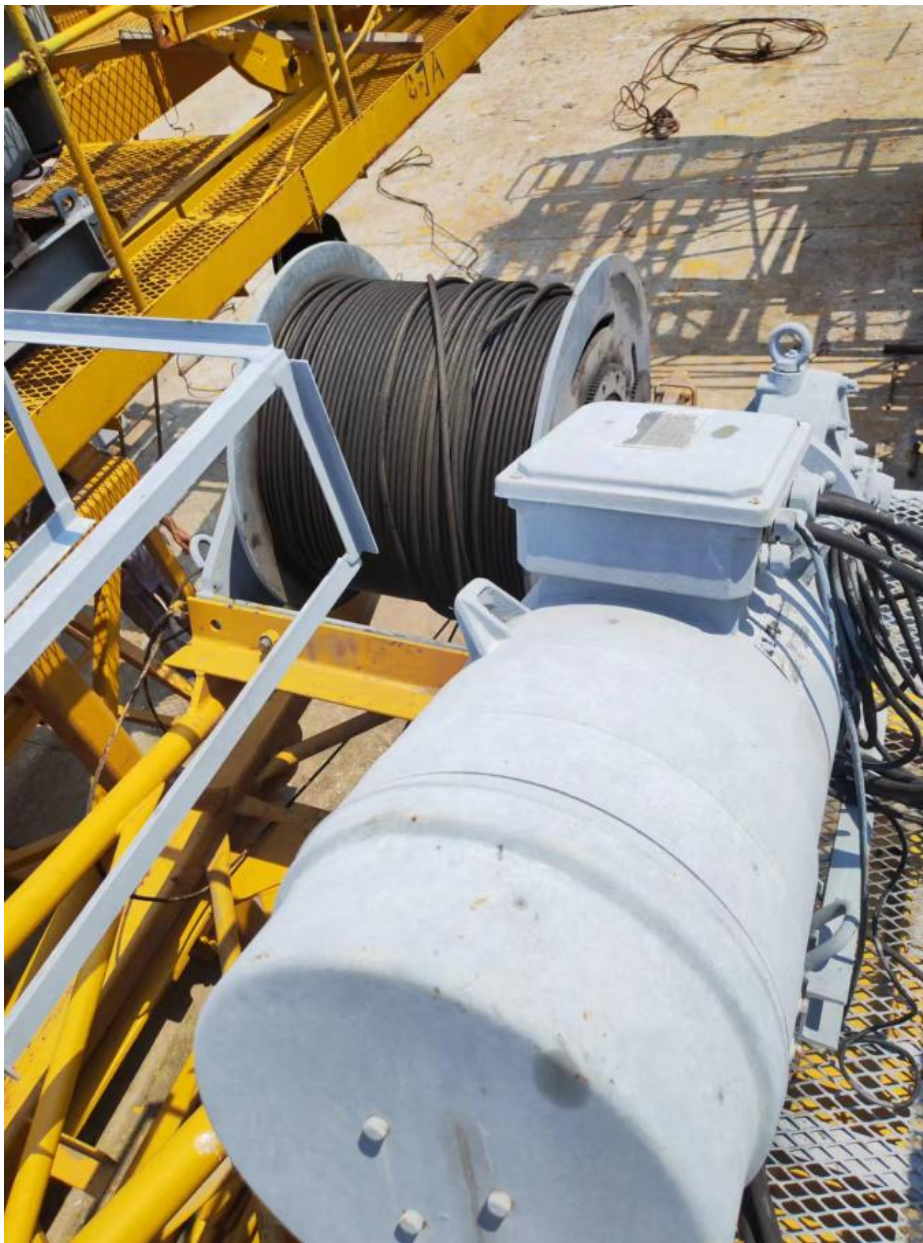

We have established close cooperation with world-class production enterprises such as Zoomlion Heavy Industry, XCMG Group, Sany Heavy Industry, and Yongmao Construction Machinery, focus on supplying construction machinery, tower cranes, construction personnel and cargo elevators to the world.

Since its establishment, the company has continuously developed and grown. Based on the rapid development of the company, we are committed to building a professional team that exports second hand construction machinery, passionate innovation, and efficient collaboration.
