#### Basic Information

- Place of Origin: China
- Brand Name: Avit
- Certification: EAC COC, ISO, CE
- Model Number: qtz80
- Minimum Order Quantity: 1 SET
- Packaging Details: Containers
- Delivery Time: 15-20 days
- Payment Terms: 30% TT deposit and 70% before delivery
- Supply Ability: 30sets per month

#### Product Specification

- Trolley Traveling Speed: 0-40 M/min
- Tower Head: Flat Top
- Free Height: 45m
- Control: VFD
- Power Supply: 380V/50Hz Or Customized
- Control System: PLC Or Frequency Conversion
- Warranty: 1 Year
- Applicable Working Conditions: High-rise Buildings, Bridges, Power Plants, Etc.
- Highlight: qtz 80 flat top tower crane,  
rise buildings flat top tower crane,  
qtz80 flat top crane

## Product Description

### 8tons QTZ80 Rise Buildings Flat Top Tower Crane with Frequency Conversion Control Russia

#### Product Description:

The crane has a maximum load capacity of 8 tons, making it suitable for a range of different construction projects. The hoisting speed of the crane is 0-100 M/min, ensuring that materials can be lifted and moved quickly and efficiently. The trolley traveling speed of the crane is 0-40 M/min, allowing for smooth and precise movements around the construction site.

The Flat Top Tower Crane comes with a 1-year warranty, giving customers peace of mind that they are investing in a high-quality product. The crane is designed to be durable and long-lasting, with a strong structure that can withstand the demands of heavy-duty construction work.

Overall, the Flat Top Tower Crane is an excellent choice for construction sites that require a reliable and efficient crane. With its 60m working arm, 3m mast section, and 8-ton load capacity, this crane is capable of handling even the most demanding construction projects. Whether you are working on a large-scale commercial development or a smaller residential project, this crane is sure to meet your needs.

#### Features:

Product Name: Flat Top Tower Crane

Max Load Capacity: 8 Tons

Warranty: 1 Year

Applicable Working Conditions: High-rise Buildings, Bridges, Power Plants, Etc.

Power Supply: 380V/50Hz Or Customized

Control: VFD

Keywords: Russia, QTZ80 Tower Crane, 8ton Load Capacity

#### Technical Parameters:

Free Height	45m
Jib	60m
Tower Head	Flat Top
Control	VFD
Color	Yellow/Green
Trolley Traveling Speed	0-40 M/min
Hoisting Speed	0-100 M/min
Mast Section	1.6*1.6*3m
Warranty	1 Year
Max Load Capacity	8 Tons

Flat Top Tower Crane, EAC COC certificate, 3m Mast Section

#### Applications:

The control system of this tower crane is either PLC or frequency conversion, depending on the buyer's preference. The trolley traveling speed can reach up to 40 M/min, and the control is through VFD, allowing for precise and smooth movement. The maximum load capacity of QTZ80 is 8 tons, making it suitable for heavy lifting in construction sites. Its hoisting speed can reach up to 100 M/min, making it efficient and speedy.

QTZ80 is ideal for construction projects that require a 60m working arm and 8ton load capacity. It is also a popular choice in Russia, where the construction industry is booming. This tower crane can be used in various scenarios, such as building high-rise structures, bridges, and dams. Its versatility and reliability make it an essential tool for any construction project.

#### Customization:

#### Support and Services:

Our Flat Top Tower Crane product comes with comprehensive technical support and services to ensure its optimal performance and longevity. Our team of experienced technicians provides timely and efficient troubleshooting, maintenance, and repair services to address any issues that may arise during the lifespan of the crane. Additionally, we offer training programs to equip operators with the necessary skills and knowledge to operate the crane safely and effectively. Our technical support and services aim to minimize downtime and

maximize the productivity of the crane, leading to increased profitability for our clients.

## **Packing and Shipping:**

### **Product Packaging:**

The flat top tower crane will be securely packaged in a wooden crate to prevent damage during shipping.

All necessary hardware and accessories will be included in the crate.

The crate will be labeled with the product name, dimensions, and weight.

### **Shipping:**

The flat top tower crane will be shipped via a freight carrier.

The shipping cost will be calculated based on the destination and weight of the crate.

The customer will be provided with a tracking number once the product has been shipped.

The estimated delivery time will depend on the destination and shipping method selected.
